Triple P (Positive Parenting Program) has been said to be “everyone’s parenting program”. The unique multi-level public health approach has something for everyone from large group seminars, small group discussions, one-on-one parent coaching, and light touch brief screening. Triple P is one of the most effective evidence-based parenting programs in the world, backed up by more than 35 years of ongoing research. Triple P gives parents simple and practical strategies to help them build strong, healthy relationships, confidently manage their children’s behavior and prevent problems from developing. TPN works alongside partner agencies including; Milwaukee Center for Children and Youth, Parent’s Place in Waukesha, The Family Center in West Bend, and Starting Point in Mequon. In 2018, the coalition of agencies provided service to 680 families throughout the region.

YOUTH SERVICES

Utilizing three effective evidence-based curricula (Making Proud Choices+RELATE, Promoting Health Among Teens+RELATE and LifeSkills) the Youth Services Department is very proud to have engaged 1,376 youth in public, private, and parochial school settings in 2018. 10-15 lessons filled with information, discussions and activities were presented to help youth gain the skills they need to become happy, healthy and successful adults. 1,602 incarcerated youth received the evidence-informed, "Paths to Success" curriculum specifically designed for their needs and circumstances.

MESSAGE FROM THE BOARD PRESIDENT

In September of this year, I will celebrate my seventh year serving on the Board of Directors at this amazing organization. I am incredibly proud of the work the team at The Parenting Network has achieved during my time here. As a proud father of three, I have been through many highs and lows while trying to help my children learn and grow. There is no owner's manual when it comes to raising children and every child, parent and situation is different. That's why the work of The Parenting Network is so important. We provide practical programs that respect the different challenges that parents and families have. We provide real-life education and extended support to help parents and family members raise their children in safe and healthy ways.

As you read through this Annual report, I believe you will be equally encouraged by the positive impact we are making with the children and families we serve. Child abuse prevention begins with education and awareness. Let's work together to ensure that every child in the Greater Milwaukee Area can grow and thrive in a safe and healthy environment.
